

EDUCATION OF ECOSYSTEM AWARENESS PROGRAM

Integrated Hotspots Management and Saving the Living Black Sea Ecosystem HOT BLACK SEA

TURKISH MARINE ENVIROMENT PROTECTION ASSOCIATION - TURMEPA

TURKISH MARINE ENVIROMENT PROTECTION ASSOCIATION - TURMEPA

TURMEPA was founded by Rahmi M. Koç and the Shipping Chamber of Commerce on April 8, 1994 with the objective of making the protection of the sea and the coastal areas a national priority and creating a legacy of a sustainable Turkey for future generations. The Association has become a leading civil society movement in Turkey that is well-known for its successful projects both in the country and abroad.

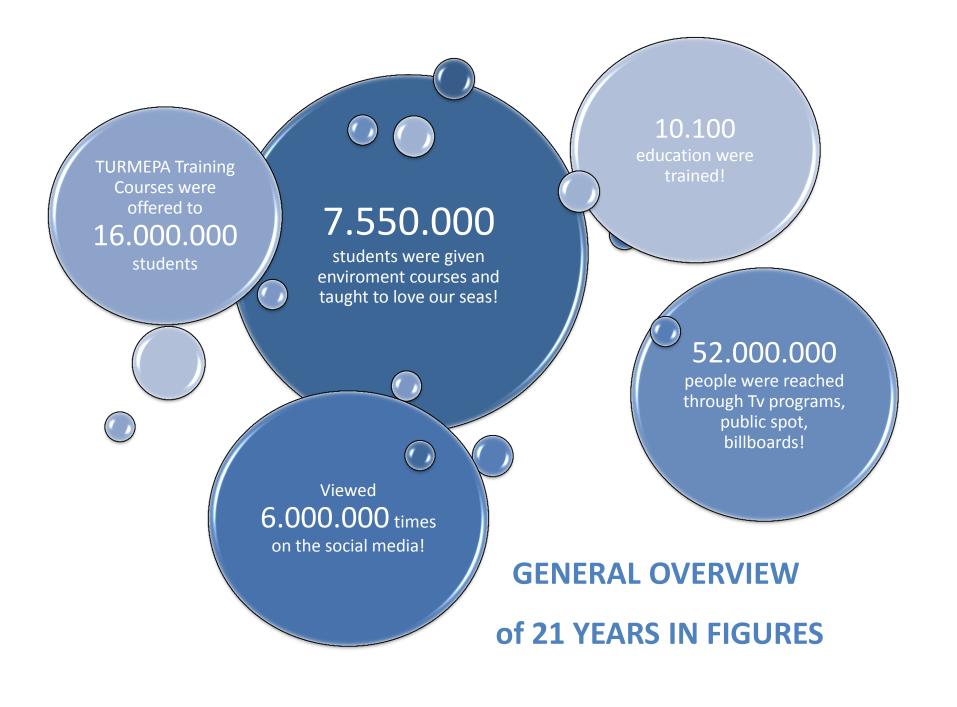

MISSION

TURMEPA's mission is to contribute to the preservation of seas and coasts as a national priority and to create a country that has reached sustainable development goals for future generations.

VISION

Taking its strength from public support, TURMEPA's vision is to become the most effective force behind the implementation and execution of national and international laws and treaties for the protection of seas and coasts.

THE WORK OF DENIZTEMIZ ASSOCIATION/ TURMEPA RAISES AWARENESS IN THE GENERAL PUBLIC

- ✓ Environmental Educational Programs for Everyone
- The education program of Unlimited Blue: six million students in six years
- o 16 Million Children Are Using TURMEPA's Website
- First NGO whose programs are accepted to be used in Ministry of National Education's web-based Educational Program (Fatih Project)
- Turkey's first Underwater Waste Exhibition: Every summer over 2.000 students visit and learn.

THE WORK OF DENIZTEMIZ ASSOCIATION/ TURMEPA RAISES AWARENESS IN THE GENERAL PUBLIC

- ✓ Environmental Educational Programs for Everyone
- Over 20.000 Environmentalist Detectives try to protect the sea.
- Mitsui Environment Fund: Blue Genaration Initiatives –
 The Bosphorus Project: 50.000 students in 2 years.
- EU funded project: Integrated Land-Use Management Modelling of Black Sea Estuaries Project: Ecosytem Education Program implementation started: Target is 250.000 people.

VOLUNTEERS of TURMEPA

TURMEPA Volunteers

39 SAC (Sea Ambassador Committee)

3100 Volunteers

Goal of TURMEPA

10.000 Volunteers (Until May of 2018)

TURMEPA VOLUNTEERING ORGANIZATION / SEA AMBASSADOR COMMUNITIES (SAC)

DENIZTEMIZ ASSOCIATION/TURMEPA INVESTS ON PEOPLE

✓ SABRİ ÜLKER ENVIRONMENT AWARD

TURMEPA presented Sabri Ülker Environment Award, which was established to increase individual and social examples of ensuring sustainability of environment in Turkey

✓ INTERNATIONAL BLUE SOLUTION CONFERENCE

The goal of the Conference is to create a platform that would bring together political authorities, related public and civil organizations, the universities and in short, all stakeholders with a close or distant interest in our seas, in an effort to create and bring to life a common plan of action.

✓ ISTANBUL'S CHILDREN MEET THE SEA

Since 2008, in every year, nearly 1000 children who lives far away from shores in Istanbul see the Marmara sea for the first time in their lives. Almost 11.000 thousand children has joined this event.

DENIZTEMIZ ASSOCIATION/TURMEPA INVESTS ON PEOPLE

- ✓ DENİZTEMİZ MAGAZINE: A DIFFERENT
 ENVIROMENTAL AND MARINE CULTURE MAGAZINE
 DENİZTEMİZ Magazine enhances to give updated information from our seas and share the combat for clean seas gets huge attention from society
- ✓ SPECIAL PROJECTS WITH COMPANIES

 TURMEPA has create projects with companies in their needs such international companies as Officine Panerai, Uylsse Nardin and national companies as Zen Diamond, Ağaoğlu Group
- ✓ DEVELOPED ENVIRONMENT-FRIENDLY PRODUCTS
 THAT CLEAN WITHOUT POLLUTING

THE WORK OF DENIZTEMIZ ASSOCIATION/ TURMEPA RAISES AWARENESS IN THE GENERAL PUBLIC

- ✓ MILLIONS OF LIQUID AND SOLID WASTES HAS BEEN COLLECTED SINCE 1994. ONLY IN 2012 4,9 MILLION LT OF WASTE WATER HAS BEEN COLLECTED
- TURMEPA's waste collection boats have been collecting million liters of waste water and tons of solid waste from Aegean and Mediterranean bays.
- Only in 2014, 2.419.652 liters of waste water, and 43.343 jumbo-sized bag of solid waste were collected by TURMEPA. Waste collection boats operates within the designated areas and bays constantly.

✓ ICC

International Coastal Clean-Up campaigns, carried out in Turkey since 2002 by TURMEPA, take place every year with great participation along the coasts.

✓ Clean-Up The MED

Clean-Up the Med campaign is organized in 21 countries that have coasts on the Mediterranean around the same days of the year and it was carried out in Fethiye, Göcek and Istanbul led by TURMEPA. The coastal clean-up activities joined by divers for deep sea clean up take place with great participation from the public.

DENIZTEMIZ ASSOCIATION/TURMEPA INVESTS ON PEOPLE

- ✓ TENS OF CORPORATIONS JOINS OUR COASTAL CLEAN- UP CAMPAIGN Coastal Clean- Up Campaign gives a corporate dimension to environmental activities. The activity which contains team based activities and education to protect the sea helps both NGO's and private sector companies work together for the environment.
- ✓ CENTERS FOUNDED Workshops and water quality measurements are carried out while elementary school students experiment on various subjects at the Fethiye and Samsun Marine Observation Center. Now located in the Aegean Sea district as well.

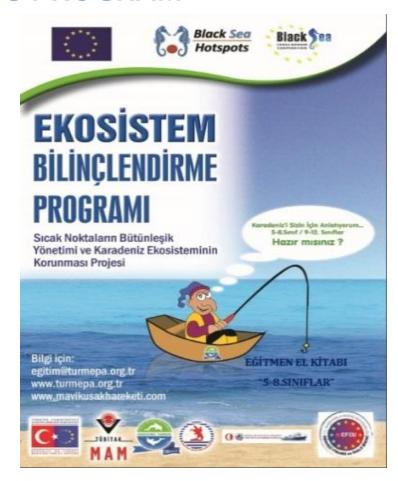

ECOSYSTEM AWARENESS PROGRAM

- ✓ Aim of the Project: The purpose of the training kit is to raise awareness and consciousness around students in regards of protecting the marine environment. Instead of giving direct information about marine environment, the education set highlights the reasons and importance of why we should protect the sea, and what can be done to preserve the ecosystem in the Black Sea.
- ✓ Target Group: Junior-High School Students, (Classes between 5th - 8th grades) and High School Students- Teachers (Class between 9th -12th gredes)

TEMEL: The Animation Character of the Project

Who is Temel?

The fictional character of TEMEL is iconic in the Black sea region of Turkey. He is mostly known for his humour and wit (this last attribute is sometimes replaced by naivity); therefore many jokes have been told about him which fit his characteristic qualities.

He is the symbol of mentality in the Black sea region of Turkey.

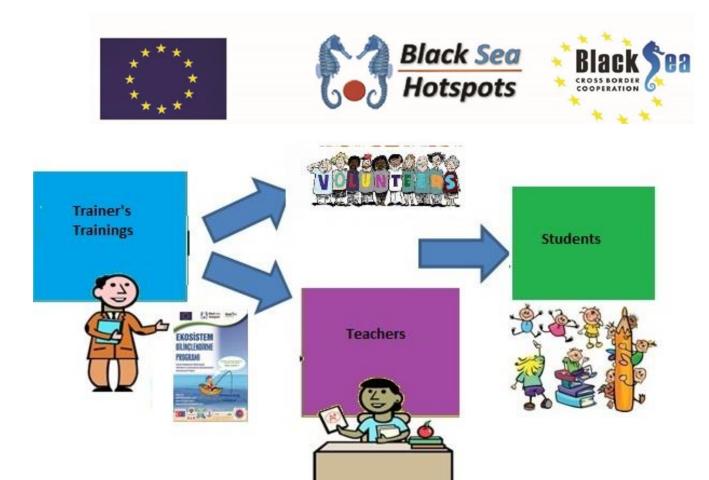

17 Districts of SAMSUN

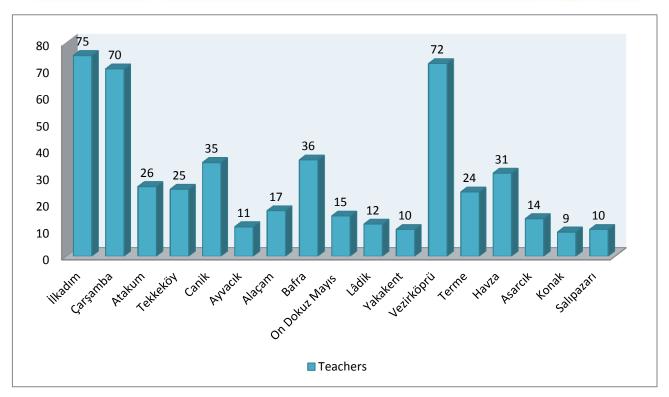

The debut of the project started with visiting 17 districts in Samsun. We gathered with teachers to train them about the education system. 470 teachers joined our Trainer's Trainings. Then teachers tought The ECOSYSTEM AWARENESS PROGRAM education set to their students and other teachers.

470 Teachers in 17 Districts were introduced to Ecosystem Awareness Program at the Trainer's Trainings

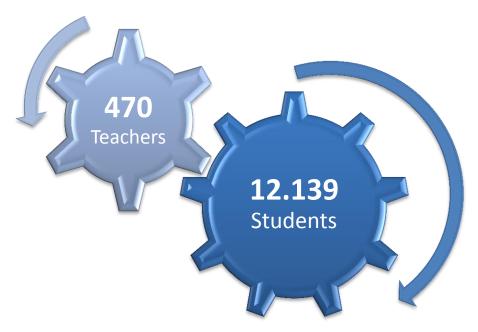

After Trainer's Trainings, education started at schools: 10.359 students were introduced to the education set.

Guide For Living Black Sea Ecosystem

- ✓ This guide designed and produced for children in Turkish, English, Romanian, Georgian and Ukrainian
- ✓ Also the education movie is translated into English.

Guide for Living Black Sea Ecosystem

Project Activities

- ✓ Coastal Clean Up90 Students, 6 hours, 250 kg solid waste
- ✓ Visiting of Water Treatment Plant Waste Water

90 Students, 110 teachers, 8 times during the project period.

CLOSING LECTURE

- ✓ 16.10.2015, Gülsüm Fehmi Kefeli Junior High School
 - ✓ 8o students from 5th grade got the training.
- With the participation of TURMEPA, TUBİTAK-MAM and Provincial Directorate for National Education of Samsun.
